PROUD

Air Bike 2.0 PRO

- The PROUD Air Bike 2.0 Pro is designed & built for rock solid construction, intensive use, and as such is suitable for commercial grade settings as well as home use.
- This PROUD Air Bike 2.0 Pro works on air resistance, it offers unlimited resistance levels - the faster you pedal, the harder of the resistance will be.
- A computer console with several workout programs, which tracks and display your progress.

Features:

TIME | RPM | SPEED | DISTANCE | CALORIES | WATTS

- Multi-grip handlebars offer horizontal & vertical placement options to target different muscles, add comfort and enhance your workouts as well.
- Benefit from superior total-body workouts for maximum caloric burn and greater conditioning by the intensity level & resistance.

Superior total- body workouts for maximum caloric burn and greater conditioning by the intensity level & resistance.

Built to withstand everything that's thrown at it, the PROUD Air Bike 2.0 PRO is one tough competitor and is fully kitted out with industry leading gear !

Benefit from the superior total-body workouts for maximum caloric burn & greater conditioning by the intensity level of resistance.
